

**Pre-conference Seminar on Climate Resilient Coastal Protection and  
Management CWPRS, Pune, December 7, 2016**

**Venue: Auditorium**

<b>Time</b>	<b>Program Schedule</b>
09.30 – 10.00	Registration
10.00 – 10.15	Welcome Address- Dr. M. K. Sinha, Director, CWPRS Brief about Preconference Seminar- Prof. M. C. Deo, IITB
10.15-10.45	Climate resilient coastal protection and management Dr M. Baba, Former Director, CESS
10.45-11.15	Present Scenario of Coastal Erosion and Coastal Protection in India Shri M. D. Kudale, Additional Director, CWPRS
11.15-11.45	Comprehensive Shoreline Management Plan for Tamil Nadu Coast, Prof. V Sundar, IITM.
11.45– 12.00	Tea
12.00-12.30	Protection of Sinking Island in an Ecologically Sensitive Region, Prof. S. A. Sannasiraj, IITM.
12.30-13.00	Environmental management and emergency preparedness plan for tsunami disaster along Indian coast Dr P Chandramohan, INDOMER
13.00-14.00	Lunch
14.00-14.30	Vulnerability of shorelines of Gulf of Kutchh to climate change, Dr Ruchi Kalra, DHI
14.30-15.00	Status of Coastal erosion and its management along Indian coast, Dr R. S. Kankara, Scientist- F, ICMAM
15.00-15.20	Uncertainties associated with the data used for planning coastal protection measures, Dr V. Sanil Kumar, NIO
15.20-15.40	Impact of anthropogenic activities on coasts, Dr L Sheela Nair, NCESS
15.40- 16.00	Tea
16.00-16.20	Operational Strategy To Monitor Coastal Erosion Along A Micro-Tidal Sandy Beach, Dr B. K. Jena, NIOT)
16.20-16.40	Soft Climate Change Adaptations - Operational Strategy to Monitor Coastal Erosion along a Micro-Tidal Sandy Beach, Prof. A. V. Hegde, NITK
16.40-17.00	Response of beach to seawall based coastal erosion protection measures Prof. R Balaji, IITB
17.00-17.20	Impact of climate change on the shoreline at an uninterrupted coast Prof. M. C. Deo, IITB
17.20-17.30	Concluding Remarks by Dr. M. K. Sinha, Director, CWPRS.
